## **DEVICE CONTRACT**

This contract is between me: \_\_\_\_\_

and my Parent/s or Caregiver/s: \_\_\_\_\_

### **I understand that:**

- Having my device (model: \_\_\_\_\_) is a privilege that I have earned.
- I will show respect to my parent/s or caregiver/s and will not talk back, give attitude, rage or stop listening. If I do, we agree that my device may be confiscated for a period of time.
- I am responsible for looking after my device. If I fail to do so, either deliberately or by neglect, my parent/s or caregiver/s will not replace or repair it.

### **I will:**

- Respect the device rules our family have put in place to keep us all safe, so I will not use my device in my bedroom or bathroom and will always stay in the lounge/living rooms.
- Respect our family values by not using my device during family meals, or when we have visitors, family or friends over.
- Keep my device in the agreed charging area at night, located \_\_\_\_\_.
- Take responsibility for looking after my device by keeping a protective case on it at all times.
- Ask permission from a parent or caregiver if I want new games or apps. They can say yes or no, and I will respect their decision as I know it is based on what is best for me.
- Talk to my parent/s or caregiver/s without fear of judgement or punishment if I see anything on my device that makes me uncomfortable, scared, worried or upset.
- Not take my device to school.
